

# Birds of Prey of the West

## Martin Tyner, CEO/Founder

### Southwest Wildlife Foundation of Utah

*Martin's program features his prairie falcon "Cirrus" or "Piper", "Belle" the Harris Hawk, and "Scout" the golden eagle.*

*The program includes a power point slide show with beautiful photographs taken by Martin of a great variety of birds of prey found throughout the western United States.*

*He teaches the differences between, hawks, falcons, eagles, vultures and owls through fun stories he tells as the slides are shown.*

*After the slide show Martin brings out his live birds, one by one, saving the Eagle for last. He will tell more stories of wildlife rehabilitation and answer questions during this time. Do birds have a sense of smell? How good is their eye site? How fast can they fly? How does he train them, and many more questions will be answered.*

## About Martin Tyner

Martin Tyner is a federally licensed falconer, eagle falconer, wildlife rehabilitator, wildlife propagator, and wildlife and environmental educator. He has been providing wildlife and environmental programs throughout the western United States, to schools, scouts and community groups for over forty years. Martin Tyner provides intergenerational Road Scholar Programs through Dixie State University, has taught summer classes at Southern Utah University, The Ancient Art of Falconry and Shakespeare, and performed in the Green Show with his raptors for the Utah Shakespeare Festival.

In 2005 Martin and Bud were honored by the Utah State Legislature for over a quarter-century of wildlife rescue and wildlife and environmental education in Utah. Martin Tyner is one of America's foremost wildlife rehabilitators, a master falconer, eagle falconer, and wildlife and environmental educator. He travels throughout the west providing wildlife programs accompanied by his devoted companion, Scout, a wild golden eagle.
